

Registration: If you want to participate in the workshop, please register before April 1 by sending an email to minet@wur.nl, with subject: registration MINET workshop

Presentation: We have reserved room for presentations of relevant projects outside the EU-initiative Measuring the Impossible.
If you are interested to give a presentation, please contact the local organizer (minet@wur.nl) for further details as soon as possible.

Costs: Participation is free of costs.

Venue: Hotel and Conference Centre Hof van Wageningen
Wageningen, the Netherlands.

Hotel: Bookings can be made by sending an email to hotel@wicc.nl before April 1.
Please mention Measuring the Impossible in the booking.
See also www.wicc.nl for costs.

This workshop is organised as part of the EU-FP6 project MINET.
More information about this workshop, the project MINET, and the other projects within the EU-FP6 initiative "Measuring the Impossible" can be found at www.measuringimpossible.net

MINET also offers a network for people interested in measuring the impossible: e-Minet.
Registration in the E-minet network is open!

Measuring the Impossible

3rd MINET Workshop “Measuring the Impossible”

The workshop addresses interdisciplinary research and novel investigative methods for the measurement of multidimensional, complex phenomena: Measuring the Impossible.

It will be an occasion to share advancements, findings and achievements of research projects related to ‘impossible measurements’. This will be done in an open and unrestricted dialogue among the disciplines, interdisciplines and application areas of the physical, natural, psychological and social sciences. Projects funded within the EU-FP6 “Measuring the Impossible” initiative, as well as other research projects are welcome.

The workshop will be organised in sessions dedicated to specific topics within the Measuring the Impossible.

Topics of interest are:

- measurement theory
- psychophysics
- human perception
- neuroscience, including fMRI
- physical/physiological measurements including vision and audio
- modelling including pattern recognition/machine learning/reasoning

For more information, please look at <http://minet.wordpress.com/events/workshop3>

This is the third “Measuring the Impossible” workshop and part of a series of events organised within the framework of the MINET (Measuring the Impossible NETwork) project, part of the EU-FP6 initiative Measuring the Impossible.

Preliminary programme

Thursday, May 14

09:00 - 09:30	Registration/Coffee & Tea
09:30 - 10:30	Session I
10:30 - 11:00	Coffee, Tea
11:00 - 11:30	Invited speaker: Prof J. Koenderink (TU-Delft)
11:30 - 12:30	Session II
12:30 - 13:30	Lunch
13:30 - 15:00	Session III
15:00 - 15:30	Coffee, Tea, Cold drinks
15:30 - 17:00	Talk and Tour Restaurant of the Future http://www.restaurantvandetoekomst.wur.nl/uk
17:00 - 18:00	Drinks at Restaurant of the Future
18:00	Diner at Restaurant of the Future

Friday, May 15

09:30 - 10:30	Session IV
10:30 - 11:00	Coffee, Tea
11:00 - 11:30	Invited speaker: Prof H. Bekkering (Nijmegen Institute for Cognition and Information)
11:30 - 12:30	Session V
12:30 - 13:30	Lunch
13:30 - 15:00	Session VI
15:00 - 16:00	Discussion and closing
